

The Smart and Silberberg Co

# GREAT TIME In the Toy Store These Days.

No place for a Mr. Grouch to come—unless he wants to be turned into a Mr. Gay.  
Can't keep the blues if you spend an hour in this basement floor wandering among toys. Christmas is in the air.

## What's New in Toyland?

So many things, that we do not want to spoil your pleasure by cataloguing them.  
Please feel free to come yourself—to stay as long as you please, to look and ask questions and without solicitation to buy.

## The Pick of Millinery Style Features.

A new price of Ten Dollars attaches to our Show Hats—the kind that have been formerly priced \$15, \$18 and \$20, at \$10—a price barely covering the cost of the materials—to say nothing of the hats themselves, they are a decided bargain. We would like to get them all out of the way as soon as we can. No two are alike, and no counterparts of them in Oil City.

## High-Class Hats at \$5.

Never mind what was the price—on some of them we would hate to have it known. It's housecleaning time in this department.

## Most Extraordinary Silk Values These.

It hasn't been a money-making year for the silk manufacturer. Never have we had a season draw to a close with greater values obtainable. Spread out on our silk counters is a generous lot of Colored Silks on which prices have been clipped better than a third. For style there couldn't be better. \$1 and \$1.25 Silks for 79c.

**FAMILY FAVORITE  
ILLUMINATING  
OIL**

makes the light that rests the eyes. Nearest approach to natural sunlight known.  
Most economical too—burns to the very last drop without readjusting wick. Does not char, smoke or "smell." Clear, water-white, free from sediment. Not to be compared with ordinary tank wagon oil.  
Ask your dealer to serve you out of the original barrel. Then you have the purest, best lamp oil more refined than any other.

**Marlin**  
Big Game Repeating Rifles

The great thing in big game rifles is suitability to work under all conditions. Marlin rifles are built with this idea foremost.  
The mechanism is simple, strong, perfectly adjusted, quick and easy in operation.  
The Marlin solid top and side ejector keep a protecting wall of metal between your head and the cartridge, prevent powder and gases blowing back, throw the shells away from you and allow instant, accurate, effective repeat shots.  
The Special Smokeless Steel barrels are hard and strong, specially made for high power cartridges and to resist the wear of jacketed bullets. They are rifled deep on the Ballard system for greatest accuracy and killing power.  
Made in Models '93 and '95, caliber 25 to .45, and fully described and illustrated (with all other Marlin repeating rifles) in our 12-page catalog. Free for 3 stamps postage.
